Subject: Budget briefing
Date: Wednesday, February 27, 2019 5:39:03 PM

Members of the media,

Staff from the state budget office and the governor's office will hold a budget briefing for the media tomorrow from 1-3pm in the governor's conference room. The briefing will include an overview of key budget initiatives on background, as well as a brief opportunity for questions. At this time we will also provide you with a printed copy of the Budget in Brief.

The information shared in the briefing, to include the Budget in Brief document, is under a hard embargo until the governor delivers his budget address tomorrow evening.

If you have any questions please let me know.

Best,
Melissa
